

American College of Acupuncture

Acupuncture Course for Physicians and Dentists

The American College of Acupuncture has been sponsoring individual training programs in medical acupuncture since 1975. We are pleased to make available a comprehensive, sequential, all-inclusive program of 300 credit hours. The program is designed to provide comprehensive training in medical acupuncture, both didactic and clinical, to physicians, dentists and veterinarians who wish to incorporate this very valuable modality into their practices.

CME and Certificate for Physicians

This activity is jointly sponsored by The New York Eye and Ear Infirmary, The American College of Acupuncture and The New York Society of Acupuncture for Physicians and Dentists and is being planned and implemented in accordance with the Essential Areas and Policies of the Accreditation Council for Continuing Medical Education
